

When one is designing an HDMI Matrix Switch system the most important initial specification is the number of inputs and outputs you will need in your facility. The next, and often forgotten, is how you want to control those inputs & outputs. Got questions? Just Call us at 833-WOLFPACK (833-965-3722) or TEXT us at 805-409-0208 or EMAIL us at support@hdtvsupply.com

**Here are 25-Ways to Control Our WolfPack Family of Modular Matrix Systems:**

1. Free iPad App (iOS)
2. Free iPhone App (iOS)
3. Free iPod App (iOS)
4. Free Android Tablet App
5. Free Android Phone App
6. Free Samsung Galaxy Tablet App
7. Free Samsung Galaxy Phone App
8. Free PC Control Software on select matrices
  
9. Free HEX Codes for remote controls
10. Free Web GUI from any browser
11. Single or Dual RS232 ports are standard
